Call for Papers for May 2019: 2019 ISNCT International Symposium on New Communication Technologies

2019 ISNCT International Symposium on New Communication Technologies
Date: 29th-31st May 2019
Venue : Ghana Technology University College, Accra, Ghana

International Symposium on New Communication Technologies ISNCT 2019 is co-located with ICCSPN. Proceedings of full papers of the in IEEE Xplore and other places such as Scopus, titles of papers will be made available in Web of Science linked to ResearcherID and Clarivate Analytics'Publons etc.. The Areas of the symposium are

- Social media
- E-Journalism
- Mass communication technologies
- Mobile Applications
- Dynamic learning experiences
- Ethical and legal issues in Mass communications online
- Assessment, evaluation and research methods in mobile
- E-Media
- E-Governance
- Hypertext infrastructures
- Information structures and architectures
- Intelligence in hypertext
- Hypertext and data science
- Adaptive hypertext frameworks and toolkits
- User modeling and personalization
- Mobile hypertext systems
- Hypermedia information retrieval
- Knowledge management and engineering
- Decisions support systems
- Link computation or predictions
- Semantic web and linked data
- Data mining on the Web
- Link analysis on the Web
- Privacy and trust on the Web
- Web security
- Crowdsourcing for Web
- Web scalability
- Link prediction on the Web

- Social network analysis
- Cultural studies related to the Web
- Social media
- Hyperfiction and storytelling
- Gaming and gamification
- Automated analysis of narratives
- Automated story or (semantic) link generation
- Hypertext and digital humanities
- Digital journalism and citizen/collaborative news
- Electronic literature
- Hypermedia authoring
- Interactive fiction and storytelling
- Intelligent narratives
- Theory of hypertext narratives
- Hypertext and communication theory
- culture of web communities
- Social media analysis and social analytics;
- Measurement, analysis and modeling of social behavior through OSNEM data;
- User behavior modeling with OSNEM data;
- Analysis of the use of OSNEM in the urban context;
- OSNEM data for Open Source Intelligence
- Multidisciplinary applications of OSNEM (economics, medicine, society, politics, homeland security, etc.);
- Dynamics of trends, information and opinion diffusion in OSNEM;

- Recommendations and advertising in OSNEM;
- Spread of news, topics, and opinions;
- Modelling and characterisation of societal debates and polarization in OSNEM;
- Influence analysis and social influence;
- Identification of diffusion sources and influencers;
- Establishment and perception of trust and reputation in OSNEM;
- Detection/containment of fake news and related sources;
- Modelling/analysis/countermeasures to formation of echo chambers;
- Methods to modify/control/maximise information and opinion diffusion;
- Data-driven approaches to study information and opinion diffusion in OSNEM
- Character Animation
- Computational Photography
- High-dynamic range (HDR) imaging
- Image and video synthesis
- Image enhancement and restoration
- Interactive media and games
- Motion Estimation

- Social Networks Design and Analysis
- Security and Privacy in OSNs
- Reputation and Trust in OSNs
- Distributed Social Networking applications: P2P, Cloud and Mobile
- Data Replication and Dissemination in distributed OSNs
- Sentiment Analysis
- Data Mining and Machine Learning for OSNs
- Recommender systems for OSNs
- Communities in OSNs
- Complex Network Analysis in OSNs
- Dynamic Network Analysis in OSNs
- Collaboration and Knowledge Management
- Event forecasting using OSNs data
- Economic and Social effects
- Ethical Issues
- Blockchain solutions for OSNs.
- Augmented Reality/Virtual Reality in OSNs and Social Media.
- Diffusive processes over OSNs
- Fake news detection and analysis on OSNs
- etc

Proceedings of full papers of the International Symposium on New Communication Technologies ISNCT 2019 will be added to 2019 ICCSPN conference full papers and will be submitted to IEEE Xplore and other places such as Scopus, titles of papers will be made available in Web of Science linked to ResearcherID and Clarivate Analytics' Publons etc.

Registration for Full Paper $300 (Short paper 3-4 pages and Full paper 5-6 pages IEEE Paper template http://icspn.ghsociety.org/template.doc) This covers presentation and conference participation.

Registration for Abstract Only $100. (Title, Name of Authors, Affiliation, Abstract and Key words) This covers presentation and conference participation.

All selected papers further qualified for future advancement/improvement of work-done for Special Issues in reputable Journals and Book Chapters to be indexed in reputable places such as SCOPUS. Authors will be contacted in the future for submissions to these call for papers. All selected abstracts qualify for such invitations.

Submission link: https://cmt3.research.microsoft.com/ICCSPN2019
Website : http://iccspn.ghsociety.org/
Deadline for full papers submission :
20th May 2019
Final notification of acceptance :
25th May 2019
Deadline for registration :
27th May 2019
Deadline for Camera-ready :
28th May 2019
Conference date : 29th to 31th May 2019
Venue : Ghana Technology University College, Accra Ghana.
